

**AGREEMENT FOR TRANSFER OF CREDITS TO THE AMERICAN COLLEGE
FROM CREIGHTON UNIVERSITY, OMAHA, NE**

The College will accept transfer credit for students who successfully complete courses and/or programs at Creighton University. Completion must be documented on an official transcript from Creighton. Transfer courses accepted by The College may include courses with P, HP, or letter grades of “C” or better.

Students can transfer an unlimited number of courses from Creighton University for credit in The College’s Huebner School programs. However, students must take at least three courses from The College in the pursuit of a specific certificate or designation from The College.

An exception is made for students who are transferring credit from Creighton’s CFP Board Registered Program into the ChFC® designation, or who currently hold the CFP® certification and are pursuing the ChFC® designation. Under the current curriculum, these students will need to complete HS347 (Contemporary Applications in Financial Planning) and successfully make a ChFC® Case Presentation to meet ChFC® designation requirements.

The ChFC® Case Presentation will have a reduced tuition rate, and students will complete an oral presentation based on the submission of a financial plan. Students are free to submit a financial plan of their choosing. Student presentations must meet the requirements of The American College case presentation grading rubric, currently utilized in HS 333 (Personal Financial Planning: Comprehensive Case Analysis).

Note: This transfer of credit agreement may be amended at a later date due to programmatic changes, including the possible addition of a ChFC® Practicum course.

| The American College Programs | Creighton University Transfer Credits |
|--------------------------------------|---|
| CFP® Certification Education Program | Undergraduate Financial Planning Track, 7 courses, 21 transfer credits* |

**Duplicate credit is not provided for overlapping courses between CFP® Certification Education Program and ChFC® or other programs including CLU®.*
